Endorsement

EHDN offers scientific review and advice for clinical trial and study protocols: endorsement is given for protocols of high scientific and ethical quality.

EHDN endorsement as a statement of trial integrity is highly valued within the HD community.

Discussion and consultation

European Huntington's Disease Network (EHDN)

with regulators and pharma e.g. Juvenile Onset HD.

Members (open for everyone) Regular Members, from within Europe Associated Members, from outside of Europe		On	Neurological Diseases, Huntington Study Group and patient
HD community			advocacy groups.

Operational Support via the Enroll-HD platform

Regional staff with long standing relationships with sites and in depth knowledge of site structure and capabilities. (See Enroll-HD Platform poster)

Meetings

EHDN hosts a bi-annual plenary meeting, one of the world's largest conferences dedicated to Huntington's disease.

>1000 scientists, researchers, clinicians and family members from around the world meet to discuss the latest scientific research and progress in HD care. Communication

Connecting researchers and the HD community

EHDN Quarterly Newsletter

- EHDN activities
- research and care updates
- clinical trials,
- funding opportunities and events in the HD calendar

Twitter EHDN News @EHDN_News EHDN Collaborations @EHDN_GRANTM

EHDN local staff (LANCOs)

- liaise with clinical and research sites
- Liaise with lay associations
- Monitor the Enroll-HD study and platform

studies in Europe

• Support translations, e.g. HDBuzz and EHDN newsletter articles

Membership

>200 European HD clinical and basic science centres and
>3400 individuals are members
To apply for free membership complete the form at ehdn.org

EHDN is funded by the CHDI Foundation, a nonprofit biomedical research organization exclusively dedicated to developing therapeutics for HD.
